# School Leaders Alumni Association

The Institute of Education wishes to set up a Simmarian Network for Headteachers and Senior Leaders working in schools throughout the world. The Association will celebrate and nurture best practice to provide international and national network links.

Graduates of St Mary's who are in Headship and Senior Leadership roles are invited. For further information, visit [stmarys.ac.uk/schoolleaders](https://stmarys.ac.uk/schoolleaders).

“I am delighted that the School Leaders Association is being formed as we look forward to celebrating 175 years of St Mary's in 2025. This special Association will cherish and connect our Alumni who work in senior positions at schools worldwide. I look forward very much to meeting you at your next return visit to St Mary's.”

**Anthony MacClaran**  
Vice-Chancellor
