
Early Career Teachers

Information for Staff

Starting a career in teaching is an exciting time, but can be overwhelming as so much new information is absorbed and used.

We look to support our new teachers by providing a forum for them to meet with our advisors and officers to share their experiences and explore what it is that makes Catholic schools unique.

As well as providing subject specific training, course also provide training in more general aspects of the Catholic Life of our schools, which are lived out and modelled by all of our staff, not just those involved in the teaching of RE.

Our termly professional development suite can be accessed [here](#). Courses can be booked as a suite or individually.

Our [Foundations Stones](#) course is a twelve hour introductory course to Catholicism, structured around the four main sections of the Catechism. Participants learn about the key Catholic beliefs and practices. It is simple and straightforward and is excellent CPD for those who are not confident teaching RE.

Information for schools

Schools with a large number of ECTs or particular financial limitations are invited to apply for bursaries to help fund the training of new staff.
