

Developing leaders

Information for schools

Although the Covid recovery funding for NPQs has now ended, funding is still available for some schools and some qualifications. Details of these can be found here [NPQ Funding - Foundation For Educational Leadership](#)

There are many different models through which to attain an NPQ. We recommend those run by the Church of England Education Office [Home - Foundation For Educational Leadership](#) as they apply the theory of the programme to a church school model.

The [Diocesan Aspiring Leaders programme](#) has been re-designed to take into account the difficulty of releasing staff from school for training.
